Use of Force

Each day Surrey Police respond to thousands of incidents across the communities we serve as we fulfill our role of upholding the law and keeping the peace. The vast majority of these matters are resolved without requiring any form of conflict. However, on very rare occasions there is a necessity for our officers to use force to safely diffuse a situation in order to protect people and themselves from harm.

Rolling year volume of Use of Force FORMS

A record is to be completed where an individual officer or member of police staff uses force. If an officer / member of police staff uses force on more than one person, a new report (or form) will be completed for each person on whom the force is used. Therefore one incident may have multiple forms recorded against it. The results below are for all all forms recorded.

Analysis

In the latest rolling 12 months to 30-Sep-2023 the force has recorded 9,713 (previous 12 months 8,664) use of force Forms. This represents an increase of 1,049 Forms (12.1%).

Use of Force - Long term trend

The recording of Use of Force within Surrey has moved across various platforms since the requirement to capture this data. Since December 2019 Surrey Police have been using Mobile Data Terminals MDT to record Use of Force information. MDT's allowed for the full requirement of data to be collected and therefore this report only shows data from December 2019.
